

## **Types of Fish:**

1. Betta fish (2 in.)
2. Sardine (6 in.)
3. Goldfish (8 in.)
4. Cuttlefish (10 in.)
5. Blob fish (1 ft.)
6. Atlantic salmon (3 ft.)
7. Dolphin (8 ft.)
8. Tiger shark (18 ft.)
9. Orca (27 ft.)
10. Humpback whale (50 ft.)

## **Basic Features:**

- Random generation of fish
- Move left and right, decide where to drop the fish
- Merge two fish of the same type together, form the next fish on the list
- Fish of different types will stack, bounce off each other
- If a fish remains above water surface for 5 seconds, it will be game over

## **Extra Features (if time allows):**

- Score (Merging fish adds to the score)
- Debuffs or obstacles (Seaweed blocking fish)
- Conditions for winning (Merge two humpback whales? Reach a certain score?)
- Special effects (Bubble animation, sound/video effects for merging)
